

# IT Top-Up Offer

Increase the Credit Towards your M1 Mac

trams | econocom

## £100 OFF FOR TRADE-IN

Utilise our FREE-OF-CHARGE Recycling Package, receive credit for your ageing PC's or Mac's AND add an additional £100 towards a new M1 Mac.

# Recycling Package & Top-Up Offer

1. Speak to a member of the Team about your ageing devices\*
2. Receive a quote on credit for your old devices\*
3. Agree a time and date to securely recycle your PC or Mac
4. Receive an **extra £100 towards your M1 Mac**
5. New M1 device delivered and DEP enrolled

# Securely Recycle your Equipment

- Collection of your Desktop, Laptop or Macs will be organised at a **time and date convenient to you**.
- All vehicles are secured with **tracking devices** and each driver is fully vetted.
- We can bring our own packaging and security crates for transportation.
- All items loaded into the vehicles are uniquely marked to avoid any cross contamination.
- Once items are returned to the process centre, all assets are individually logged and any data carrying devices are **securely wiped and reports provided** to clients covering the full Duty of Care service.
- We are **focused on a zero-waste policy** and try re-use equipment; albeit it as complete units, donor units for upgrading or broken down as spares. Only as a final resort is the equipment broken down for metal reclamation using approved UK based downstream partners.
- Once equipment is data-wiped, it is then **fully refurbished** by a team of vetted, trained and qualified technicians.

# SLA to Clients

**Within 2 Working Days**

A summary list of all items collected will be provided. All items are collected by vetted drivers, removing the threat from using 3rd party logistics.

**Within 5 Working Days**

A full list of all items collected with serial numbers will be provided.

**Within 10 Working Days**

Data destruction certificates for all items collected will be provided to CESG standards.

# MacBook Pro. We're on a power chip.
